FEDERATION

The Slovak Red Cross app is LIVE!

You can download our app and register for **cash assistance** from almost any location in Slovakia.

Scan this code to download the app or visit our site:
<https://ukrainefinancialassistance.ifrc.org/slovak-red-cross>

You can also call our Helpline for assistance:
+421 910 910 116 (Monday – Friday, 9am to 5pm)

In order to make sure we reach people living in remote areas, we are excluding locations where you can easily apply for assistance in person: Bratislava, Nitra, Žilina and Michalovce. If you attempt to use the app in one of these locations, you will receive an error: **"Your region is not currently part of the programme."**

We will activate the app on **Monday, July 4th**. It will remain active until we meet our goal of registering 5,000 households in Slovakia. When this happens, we will close the app and refer people seeking financial assistance to UNHCR.

Remember, you can only be registered with one organization and UNHCR and Red Cross offer the same amount of money.

If you have questions or problems using or loading the app, please call our helpline at **+421 910 910 116** (Monday – Friday, 9am to 5pm). You can also view a video tutorial on our site: <https://redcross.sk/ukraine-info-ua/>

If you cannot register with the Red Cross, make an appointment to register with UNHCR by scanning this QR code:
